Sacagawea Portable Hybrid Displays

Affordable Sacagawea Portable Hybrid Displays are contemporary trade show designs constructed with lightweight engineered aluminum and vibrant tension fabric graphics. The Sacagawea sets-up quickly, typically in less than 40 minutes for a 10 ft. display, using knob-assisted assembly. All components are individually numbered and pack in durable roto-molded cases with reusable die-cut foam packaging.

There's only one Sacagawea because no other portable hybrid combines value, design, and convenience into one very attractive portable display. Made in the USA.

Features + Benefits:

- ▶ Lightweight Portable Displays
- ▶ Vibrant Tension Fabric Graphics
- ▶ Affordable Designs
- ▶ Numbered Components for Easy Setup
- ▶ Reconfigurable (10 ft. to 20 ft.)
- ▶ Many Practical Accessories
- ▶ Over 50 Standard Kits
- ▶ Lifetime Warranty on Workmanship
